PART 2 - COPY TO BE RETURNED WITH RESPONSE

Re: 10/711,998 - Missing Parts

I submitted the application using the electronic filing system and the USPTO supplied software. I was notified of problems and subsequently also sent updated copies of the EFS software.

I suspect that the error at USPTO <<< Problems with parsers>>> was the cause of the lost part of the application.

I am requesting a waiver of fees and would request instructions on electronically re-filing the missing oath or declaration signature.

I have established an electronic signature using the PTO process and used that on the patent application.

Subject: Application filed using ABX

Date: Mon, 25 Oct 2004 17:28:13 +0000

Mr. McCollough,

Recently you filed an application using the new EFS-ABX software. When the USPTO received the application (#10904052), we noticed there was no drawing PDF section (this has since been fixed), however, we'd like to know why this happened so that we can try to fix it in our upcoming maintenance release.

Would you please fill out the attached questionnaire and possibly send me your ABX .doc you used to send the application?

Thank you so much for your time,
Kathy
